**DARK
HORSE**

Business Development

Dark Horse offers a great career path working with some of the top professionals in the industry. We offer a competitive salary as well as the chance to help change perceptions of the digital industry. Dark Horse is an agency who want to make a difference to its clients and team. The team comes first.

We are based in Altrincham so you can hob nob at the trendy market and be all Cheshire set. It is pretence of course; we are still on the tram map. It's Manchester, however you cut it. You are never too far from rats and spice whatever quarter you are in.

We are recruiting for a Business Developer to expand the Sales and Marketing team. Dark Horse is becoming renowned for client services and ambitious growth plans. Dark Horse likes to be different. We are looking for someone with a hungry mindset, keen to deliver, keen to raise awareness of the what the team can achieve.

Is this you?

The successful candidate will join our expanding sales team, reporting directly to the Sales Director. They will be responsible for the identification of new business and development opportunities. This would be through LinkedIn, Email, Phone and face-to-face. We need someone who can live and breathe the values of our company and is ultimately driven to make an impact. This is about being a voice and vital central cog in the business. Learning from incredible colleagues and being part of the journey to create the best search marketing agency in the country.

You'll be the main point of contact with Senior Marketing Managers, Business Owners and Directors across many areas and sectors of business. You will have a high level of autonomy on how best to build new and lasting relationships.

You'll identify opportunities and win new business from a mix of self-generated pipeline and marketing supported activities.

You love delving into client problems and understanding what the issues are. You understand the digital landscape, what the consumer thinks, what the brand does and how challenging the competitor environment is. Your execution plans span multiple industries with a focus on our SEO, PPC and Paid Social offering. You know what levers our team can pull to generate results for different objectives. You are excited by seeing how your work relates to results and come up with new routes and ideas on a consistent basis. No day is the same because you don't let it be.

This is not a role where you "close" business by saying something clever. This is not like selling mobiles or utilities. This is about building relationships and professional sales. Be active in the market. Be smart in the market and be trustworthy. The combination of integrity, puzzle solving and representation of a winning team will bring success.

You will never have to "sell me this pen" or any other such w***.
